

THE POLO RUN

Today's run will give you the experience of getting around "Elizabeth Quay", if you have not already had the pleasure. You will then take a casual drive through some of the suburbs and finish up at the Meadow Street Polo grounds for lunch. New Model 'A' club member Peter Trethowan will be playing some time during the day. It is hoped that you might stay a while and watch the Polo; something most of us have probably not done before.
