

Ford Model A run. March 4th, 2012.

Thank you all for getting out of bed early to farewell our intrepid travellers, I'm sure they appreciate it.

When the travellers leave we will follow them for about 11km to Bullsbrook.

Turn left out of Ginger's onto Great Northern Highway, for approximately 11km.

As we enter Bullsbrook and pass the hotel on the left, there is a shop and old service station on the right, there is immediately a sign saying "Tourist Way." (The sign is on the left)

TR at this sign and immediately TR again into a small carpark and toilets. (I believe you stopped here on the Bindoon run)

We'll have an early coffee here.

Back onto Great Northern Highway and TL.

Just over the railway crossing (after Ginger's) TR at the lights into West Swan Road.

Continue along West Swan Road past Gnangara Road, past Oasis Retreat and the Duckstein Brewery.

Continue down West Swan Road and TL at the lights into Reid Highway.

Proceed along Reid Highway until you see a big brick wall on your left.

We TL immediately at the end of this into Middle Swan Road. It is signposted to Banydup prison.

Drive past the prison and TL into the carpark for Middle Swan Reserve and drive down to the river. There are toilets here.

When you leave if you wish to TR on Reid Highway you will need to TL out of the picnic area and under the highway and come back out on the other side.

Thank you for joining us.

Horace and Jean
